TIMBERING ORDINANCE PERMIT AND FEE-better copy pdf;

Hi Robert,

I did file a complaint, and you told me someone else had already filed and there was no sense in filing 2 cases, but I would like to file an ACRE complaint re: the Butler Twp timber harvesting ordinance to include a review of the entire ordinance language, not just the $1500 fee.

Additional language that I think needs reviewed under the ACRE law would include the need for a stand prescription, and the language on the signature page stating that in addition to the $1500 fee, the applicant may be liable for additional unspecified charges incurred as a result of fees from the "Township Consultant".

Thanks,

[redacted]
