Following the systemic investigation of a complaint received in 2024, the Pennsylvania Office of Attorney General has secured Assurances of Voluntary Compliance or other commitments from the following nursing home and long-term care providers, agreeing to admit and accommodate residents who use methadone or other medications to treat their disabilities, including opioid use disorder. The agreements cover the companies' nursing home and long-term care facilities in Pennsylvania, or nationwide for those headquartered in the Commonwealth.

- Care Realty LLC (aka CareOne)
- Communities at Indian Haven
- Concordia Lutheran Ministries
- GBK Eight (purchased facilities from Guardian Healthcare)
- HCF Management, Inc.
- Kadima Healthcare
- Oakdale Seniors Alliance
- Quest Healthcare Development, Inc.
- Saber Healthcare Group
- Select Medical Corporation
